Proceeding through the Program

• Students should download a copy of the SDSU Bulletin of the Graduate Division that is in effect when they are admitted to the University and become familiar with its provisions. The Graduate Bulletin can be accessed here: http://arweb.sdsu.edu/es/catalog/bulletin/

  The Bulletin states: “Graduate students are individually responsible for complying with the procedures, regulations, and deadlines as set forth in the General Catalog and in the Bulletin of the Graduate Division.” Most of the answers to your questions can be found in the Bulletin.

• Students are admitted as Classified or Conditionally Classified students. Conditionally Classified students must meet the conditions noted on the admission letter that they received at the time of their acceptance. When conditions are met they must file a Change of Status form http://newscenter.sdsu.edu/gra/change_of_status.aspx with the Graduate Division via the MPA Graduate Advisor, indicating that they have successfully met the conditions imposed on them in the time indicated, and they will become Classified students and may continue in the program. This form should be completed and submitted to the PA Department office (PSFA 101).

• Following the successful completion of at least 12-units of graduate course work students may file an Official Program of Study (OPS form).

  • With the successful submission and approval of the OPS the student will Advance to Candidacy.

  • After advancing to candidacy the student will be allowed to register for the Capstone course

  • Following successful completion of all coursework, completion of the Capstone Project, and filing Application for Graduation with an Advanced Degree with the Cashier’s Office, the student will graduate with the MPA.

Petition for Adjustment of Academic Requirements for the Master’s Degree

http://newscenter.sdsu.edu/gra/adjust_academic_requirements.aspx?

Generally, this petition is used to request an exception of specific requirements stated in the Graduate Bulletin. These may include substitution of core (required) courses, extension of incompletes, excess units taken through Extended Studies' Open University, using prior year's Graduate Bulletin requirements and transfer courses from another university replacing core (required) courses. The petition must be signed and supported by the graduate adviser. A letter of support may accompany the petition if extensive explanation is required, but the letter is not necessary for most requests. If the student is submitting their Official Program of Study at the same time, the petition must be included. After the petition is submitted to the Graduate Division, the Associate Graduate Dean will make the final decision. Both the student and Graduate Adviser will receive notification of the Dean's decision. At times, it is necessary for the Dean to take these petitions to the Graduate Council for final review prior to determination. Expected processing time: 2 weeks
