

SAN DIEGO STATE
UNIVERSITY

Need extra units to graduate? OR need to fulfill a CJ or PA elective? Three 1-unit courses can satisfy one major elective. This is a great way to meet requirements without having to take a full-semester-long-course.

School of Public Affairs
College of Extended Studies
1-Unit Weekend Course Spring 2017

Forensic Science and Crime Scene Investigations

Instructor: Anthony DeMaria,
Assistant Crime Laboratory Director
San Diego Sheriff's Regional Crime Laboratory

Friday, April 21st, 3:00pm – 9:00pm

Saturday, April 29th, 8:00am – 5:00pm

Location: PSFA 300

\$221 Course Fee

PAX 496 (CR/NC) 1 unit

Schedule #: 17SP 81384 FC

The course provides an overview of various forensic sciences and their relation to the presentation of evidence and issues of law. The course examines the impact of forensics on the administration of justice and on criminal cases through practical demonstrations and case studies. Topics include crime scene investigations, fingerprint evidence, trace evidence, DNA, and firearms.
